## LG IPECS Two-Way Recording

### **WARNING:**

*In many localities, it is illegal to record a phone call without first notifying the person or persons being recorded. Florida is a “two party consent” state which means both parties must know that they are being recorded. Consult your lawyer for more information.*

- 1) Notify the person(s) with whom you are speaking that you are about to record the conversation.
- 2) On the navigation wheel, press the Right Arrow.
- 3) Select the “Record” soft-key.

When you hang up the recording will appear in your voice-mail box.
